

Y.M.C.A. CAMPAIGN HEADQUARTERS OPENED TODAY

General Committee Holds First Meeting at 118 North Second Street Outfitting of Rooms Begins.

INVITATIONS OUT FOR BANQUET MONDAY

Plates One Dollar; Dress Informal, No Soliciting; All Churches to Hear Y. M. C. A. Addresses Sunday.

Headquarters from which will be conducted the Y. M. C. A. building campaign, which opens Sunday, were used for the first time this morning at 10 o'clock when a meeting of the general committee was held. Present at the meeting were the ministers of Albuquerque, who are to turn over their pews next Sunday, at both the morning and evening services, to laymen, men prominent in Y. M. C. A. work, who will address the congregations on the scope of the work and the plans to be carried out in this city. Most of these speakers will be out of town next, all leaders in the work of the association in their home cities. El Paso, La. Vegas, Denver and Los Angeles have been called upon to furnish these men.

Another feature of the inauguration of the campaign Sunday will be an afternoon meeting for women, at which International Secretary G. S. Hillemeier will be the speaker. Mr. Hillemeier arrived in Albuquerque last night and this morning plunged into the work of final preparation and detail work of the ten-day campaign plan which now are practically complete.

The headquarters at 118 North Second street are being fitted out with office furniture and tables. In this room will be held the noonday luncheons at which the soliciting teams will report, and the evening meetings when the progress of the work will be discussed. The headquarters are convenient to restaurants from which meals may be served, although it is probable that the ladies of the several churches will volunteer to provide this feature of the campaign equipment, one of the most important, in the opinion of Secretary Hillemeier. Mr. Hillemeier is here to remain until the campaign is closed. All of his time, his energy, which is dynamic, and his experience, which is comprehensive, will be devoted to the work. John Main, chairman of the Y. M. C. A. dinner committee, yesterday mailed invitations to the dinner in Masonic Temple Monday night which will formally open the campaign. Plates are one dollar. Dress is informal and no soliciting will be permitted on any account. This feature of soliciting at public meetings is emphasized by the general committee. Absolutely no soliciting will take place at any public meeting during the campaign. All soliciting will be done by the twenty-four soliciting teams and in private.

Guests of honor and speakers at the dinner will be Secretary Hillemeier and W. H. Day, interstate secretary, of Tucson, Ariz.; James G. McNary of El Paso; P. A. Lenox of Las Vegas and several other men well known in business and in Y. M. C. A. work have been invited to attend.

The office work of the general committee is now well advanced. A majority of the soliciting teams have been mustered by their captains to complete strength and the listing of names of those who will be approached during the campaign is practically complete. The assigning of these to the several teams is one of the large tasks of detail work now under way and which will be completed by Saturday night when a meeting of the general committee and all members of the teams will be held.

feared to have a "fighting chance." Figures from 184 precincts reported at noon gave C. S. Thomas, Democrat, a slight lead over Hubert Work, Republican, for senator.

Republican headquarters claimed Work would win by 15,600, while Democratic headquarters insisted Thomas would be re-elected by 15,000.

On other important state offices the Republicans claim successes by 2,000 to 12,000, while the Democrats maintained they would elect treasurer, state superintendent and attorney general by from 1,000 to 3,000.

The wet and dry contest drew closer today with 143 precincts out of 182 in Denver reported. It was conceded that the city of Denver would give a considerable majority for the wet, but anti-saloon headquarters declared this would be overcome outside the city and that prohibition would carry by 20,000.
